Dennis Morlan, emergency management coordinator, reported that Region V Hazardous Materials Response Commission & LEPC, to which the county is a member, plans to purchase a new truck costing \$730,195, with a \$125,000 down-payment from savings and a ten-year lease purchase agreement. The truck is to be financed by a per capita charge of \$1.50 from each of the member counties. The current per capita charge is \$1.25 in this year's emergency management budget. Morlan noted that the member counties will be asked to sign the agreement.

Morlan then shared ambulance operation information, including items related to fees schedules, collection agencies and job descriptions.

The board conversed regarding whether, at a future meeting, to adopt a decrease to the compensation board recommendation for supervisors irrespective of the rest of the elected official recommendations. To do so, a decrease to the recommended compensation paid the supervisors must be adopted no later than thirty days before the county budget is certified. The consensus was to act upon the compensation recommendations for all elected officials at the same time, making equal reductions (percentages) to the compensation schedule if the board chooses to do so.

Engineer Wade Weiss reported to the board. The Secondary Roads budget proposal is scheduled for the next board meeting on January 31st.

Muir adjourned the meeting at 11:05 a.m.
