

PROCLAMATION FOR DONOR AWARENESS MONTH

The Greene County Board of Supervisors hereby Proclaims that:

Greene County, Iowa residents have been richly blessed and touched through organ, tissue and bone marrow donation.

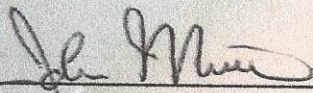

As the county prepares to name the month of July each year as "Donor Awareness Month", please let us keep in our hearts all those who have helped give the gift of love and life so that others can live, as well as those who still need this precious and great gift through donation.

Let us stand united beside those Greene County residents who are helping others live a much fuller life. By standing united in understanding this great and ever-growing need, we are taking a stand as a community willing to show the country that we are here for and with donors and their loved ones.

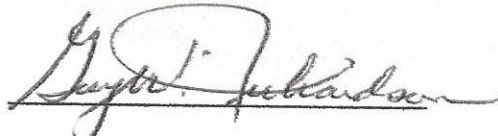

We make this stand by proclaiming the month of July of each year as "Donor Awareness Month" in an effort to put forth the topic of organ donation, and to demonstrate that we take pride in our fellow citizens and lend them our support. By doing so we acknowledge what they have gone, and are going through, and want them to know they are not alone in this fight.

THEREFORE, THE GREENE COUNTY BOARD OF SUPERVISORS HEREBY PROCLAIMS THE MONTH OF JULY EACH YEAR AS "GREENE COUNTY DONOR AWARENESS MONTH".

Dated this 19th day of May, 2014.

John Muir, Chairman

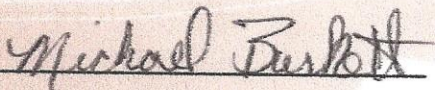

Guy W. Richardson

Dawn Rudolph

Thomas Contner

Michael Burkett

Through donor awareness may we all remember our fellow Greene County Residents who have given this gift of love and life so that their legacies may live on hereafter.
