Paying it Forward...

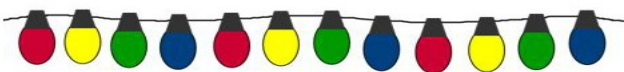

“Giving Back”

Teen Outreach Program (TOP) students at the Alternative School continue to look for ways to connect with community members of all ages.

Students planned holiday craft stations; Snowman Globes, Rudolph Puppets and Holiday Countdown Chains for the preschoolers to make. The students gained knowledge on learning styles and little personalities and the children loved having “big kids” play with them.

Thanks to the **GCELC** for being such an awesome partner!

**Happy
Holidays!**

Nurturing Children
