Admission Prices

Greene County & the Heart of Iowa Activities Conference have increased admission prices for 2023-2024. Please see the following admission prices:

- All HS Events (except football) - \$6 for school aged & above
- All MS Events - \$5 for adults & \$0 for students
- HS Football- \$7 for school aged and above

Rising costs of athletic officials, event support, supplies, equipment, uniforms & etc is a driving force for raising admission prices. At these rates, admission prices are still lower than or equal to peer conferences around the State of Iowa.

Activity Registration

Like last year, we will **require** parents to register their student-athletes for Greene County activities. This will help with streamlined communication between the school and parents. Information will be sent to all HS & MS parents in a separate letter on the registration process for Ram activities. This is different & additional to online School Registration.
